EDUCATION

Drexel University, School of Computer and Information Sciences — Philadelphia, PA
Bachelor of Science in Computing and Security Technology | GPA: 3.85 — Anticipated Graduation: June 2027
Minor: Management Information Systems

WORK EXPERIENCE

Philadelphia Fire Department — Philadelphia, PA
Technical Support Specialist — April 2026 - Present

- Resolve hardware, software, and connectivity issues for end users and improve ticket workflow using service desk applications to manage, troubleshoot, and document requests
- Deploy and test access points across city locations to expand wireless coverage for field operations
- Service desktops, laptops, and MDTs through reimaging, repairs, component replacement, and testing to minimize downtime and ensure responder readiness
- Maintain multi-vendor printers and scanners by deploying, troubleshooting, and repairing devices, including toner, drums, kits, and rollers

Drexel University: Drexel Founding Collection — Philadelphia, PA
Data Operations Co-op: Database Administration & Website Migration — October 2025 – September 2026

- Lead the migration of two university collection websites to Sitecore Gold by acting as the primary liaison to coordinate timelines and technical requirements
- Edit and manage website content, tracking changes across migration stages while implementing new features
- Enhance data integrity for 5000+ collection records by standardizing metadata to improve search accuracy and retrieval times in the CatalogIt database
- Facilitate public access to collection by preparing and publishing over 3000+ records to the CatalogIt HUB
- Support digital archival projects and on-site collection management through inventory tracking and maintaining records for exhibitions, loans, and events

University of Pennsylvania: The Wharton School — Philadelphia, PA
Research Assistant at The Operations, Information and Decisions Department — March 2025 – September 2026

- Develop, implement, and manage automated workflows that streamlined departmental business processes
- Coordinate schedules, agendas, and logistics for departmental guests and seminar speakers
- Enhanced the efficiency of academic operations by creating Python scripts to reduce manual workload
- Administer A/V and video conferencing systems to support departmental seminars, conferences, and events
- Provide comprehensive technical support and troubleshooting for 80+ faculty, doctoral students, and staff

TECHNICAL PROJECT

Industrial Control Systems (ICS) Vulnerability Risk Assessment — June 2024 – September 2024
Collaborated with team members to:

- Aggregated international ICS data from 80+ global universities via Shodan.io queries
- Preprocessed and parsed raw JSON datasets utilizing Python, Bash, and Microsoft Excel
- Engineered complex Oracle SQL queries to transform unstructured data into a normalized relational schema
- Visualized security vulnerability patterns in Tableau and PowerPoint to present actionable risk insights and guide prioritization of mitigation strategies

HONORS AND AWARDS

Intermediate Chinese Proficiency Certificate, Drexel University, April 2025
Dean's List, Drexel University, Fall 2023, Spring 2024 – Summer 2026
A. J. Drexel Scholarship, Drexel University, Fall 2023 - Summer 2026
Seal of Biliteracy in Chinese, The School District of Philadelphia, June 2021

TECHNICAL SKILLS

Programming: Python, HTML & CSS, Oracle SQL, Bash, Java
Tools: Visual Studio Code, Linux, Shodan, SQL Developer, draw.io, Redgate Data Modeler, Wireshark, Figma, Zoom, Excel, Word, PowerPoint, Qualtrics, Google Workspace, Canva
Foreign Languages: Fluent Chinese, Conversational Fujianese
